Happy 3rd Anniversary Misty Rain Scans
Yes, another year completed! Time certainly flies in a scanlation group, but I can definitely say working with Misty Rain Scans has made it fun and enjoyable. Here's to another year of smiles, laughs, and tantalizing manga.
-cupotea
Woohoo! It's Misty Rain Scans! 3rd anniversary!!! I'm super glad that they accepted me into the team, and taught me lots of things along my journey with them. Even though I was a total newbie at things from the very beginning, they guided me and were patient, friendly, and welcoming. I hope that MRS will have more fun years together and that everyone will be healthy and happy. Keep up the AWESOME work everyone!! XD
gigayo4
Happy anniversary, Misty Rain Scans! Hope we have even more wonderful time together onwards.

Hey there, I'm Shine. I work as a PR in Misty Rain Scans. Happy Anniversary to MRS. I love to work here. Thank you.
Shine
Happy 3rd anniversary MRS! It feels like MRS has been with us forever, [illegible] and giving me a second [illegible] from FoC. I hope that MRS continues to run for many, many years, and that it becomes a top-tier scanlation group with many fans around the world. Fighting!
Asami
[illegible] anniversary [illegible] Scans! [illegible] WOW! [illegible] three years have gone [illegible] so happy that MRS has [illegible] that long to scanlate [illegible] this group, and thank [illegible] Active and retired, who [illegible] MRS to stay up and strong [illegible] past three years. Well, please [illegible] ward and support MRS from now on.
Enchel (^v^)
Izumi
Happy anniversary, MRS!!! I've really enjoyed being a part of this wonderful group. Thank you admins for making this possible, thank you all staff for being more active than me XD, and thank you readers for supporting the group. Wishing MRS many more years of activity and support!
Ryn
I was really happy that I was accepted in this scanlation even if I'm not that great. This group teach me many things especially in how to clean manga's. At first I don't know anything except in what I know, but they teach me the things that make me much more greater than what I expect. Also that group will not let you put in a state where they letting you finish the works they give you at a specific time, this [illegible] stress you at all and let [illegible] what you are doing without [illegible] worry that I was accepted [illegible] and I was so happy to give a message in the 3rd anniversary as a group. And I hope I can stay in this group longer and [illegible] more. Well wish you all the [illegible] my group mates hope we can do [illegible] and deliver more manga's to them. Enjoy. <3
Mimipethangel
Wahh 3 years! I'm very proud of all that we have accomplished thus far. I'm also happy to have met so many wonderful people who share the same interest. Last (but definitely not least) I'm grateful for every member of the staff who has helped our group flourish and for the readers who show us their support.
Happy anniversary MRS!
Patti
Happy 3rd Year Anniversary, MRS! It's been a long trip and we've improved quite a lot but we had changes quite a bit from then. I hope we have a great year this time as well, :)

Character

HIMENO KOMACHI (15)

I had something in mind when I was working on the manga
That is to draw a really cute girl
I did my best to make her very cute.
She's about 5'2 ft tall.
Nori's character design is sort of out of place,
so I made Koma's simpler
I didn't notice I gave her an antenna hair up 'til chapter 3
When I was working on Tamachan I made her candy-eating behavior distinguish who's who
She's a strong girl but pathetic as a guy
I had fun drawing her as a main character
Currently, she's the easiest to draw
Her easygoing personality made her a lot less scary

ONIGAWARA NOZOMI (15)

He doesn't look like he's 15...
No matter how you look at it, his face is pretty scary. He's about 6'3.
He looks like he has some weight.
No comment on his hair.
I had wanted to give him a light, spiky hair do, but I ended up giving him a prickly hair do. Especially during Chapter 1.
I had trouble determining the size of his eyes during the making.
I wanted to give him a scarier look.
But at the same time, I wanted a kinder face.
My dilemma made his design inconsistent.
I guess I've finally drew him properly at Chapter 3, I... guess...???
